Special to the Indianapolis Journal. Not a great deal of credit attached itself to the victory or the score, however, for the doctors had few veterans on their team and were playing their first game.

Without a doubt the feature of the contest was the execution of Coach Woodruff's Joe Gans for the title, an offer which the famous quarter back kick in the last few minutes of the second half. Many Substitutes Used in Second Half -Howard Defeated Bates in One-Sided Game-Scores.

NEW HAVEN, Conn., Oct. 7 .- Yale ran up a big score in defeating Wesleyan at football to-day, making 33 points to the visitors' nothing. The game was marked by no sensational plays, except that Yale smashed to pieces the only trick which the visitors had a chance to show the two or three times they got the ball on punts. The Yale offense was so quick in forming and in execution that it ripped to pieces the semblance of detense which the Wesleyan forwards tried to offer. Captain Rafferty thought it wise after the first half, with 17 points scored, to fill in many substitutes and to keep adding them in the place of regulars as the score rolled higher, and there was no danger that the visitors would score on Yale.

BERLIN, Oct. 7 .- A lion escaped from a menagerie at Munich, Bavaria, and walked quietly Monday afternoon into the great plaza where the October festival was taking place. The plaza was crowded with booths and visitors. The lion scratched himself, wagged his tail a few times, roared and gazed at the people running wildly away. without trying to touch any one.

For a minute or two the lion had the plaza to himself and laid down under a wagon. A keeper came along and tried to coax the lion back to his cage, but the latter trotted away to another part of the plaza. Later the employes of the menagerie came to the spot in force, built up a barricade of boxes, doors and boards around the beast and brought a cage containing a baby lion close to the escaped lion. But the elder lion did not show the least interest in the baby, but crept through the barricade and wandered around the plaza. By this time a force of police armed with rifles had been summoned to the scene and preparations were being made to kill the lion, when a quantity of fresh meat was thrown into the age, whereupon the "king of beasts" entered it, and the cage was soon on its way

Against the Device. Announcement is made by Secretary Howe,

of the Memphis Trotting Association, that the new device in the shape of a canvas shield, which has been used by Major Delmar and Prince Alert in their wonderful record-breaking flights against time, may be barred in many tests scheduled during the fall meeting there, which ends the harness season of racing in the United States. Both Mr. Howe and President F. G. Jones, of the association, are on record as being opposed to this means of creating world's records, and are ready to lead an attack on all so-called artificial methods employed to beat Father Time. Many attempts will be made against the watch at the Memphis meet, and as the track is regarded as the tact without the aid of the shield. Regardless of this, President Jones is very plain-spoken in his attack on the wind shield, and believes that if a trotter or pacer is asked to lower a world's record it should be accomplished in the same way that their predecessors have done. The attitude of the Memphis officials will

probably precipitate a wholesale discussion among harness horse followers as to whether the new device is an "artificial" means of increasing speed or simply an improvement in the general advancement of everything ning that prevented him scoring a shut- of the wind shield argue that it is no more of an artificial aid than the bicycle sulky was at the time when Nancy Hanks clipped several seconds off the previous world's standing mark of the immortal Maud S., made from the old-fashioned high-wheel sulky. At any rate, Mr. C. K. G. Billings, owner of Lou Dillon and builder of the eighth and did well. Aside from Young's Memphis course, will be called on for final nitching the batting of Dougherty and Col- advice, and his decision will govern the action of the officials in ruling for or against the wind shield.

Entries to class events of the Memphis Trotting Association have been announced. The average entries broke all records and will amount to more than nineteen horses to the event. The free-for-all trot and pace closed with about every prominent former, but it was noticeable that while E. E. Smathers has named Major Delmar to meet Charley Herr, Dan T., Walnut Hall, Kennedy, p.. 2 1 0 1 0 Young, p.... 5 2 0 2 0 Billy Bush, Rhythmic, etc., in the free-forall trot, the name of C. K. G. Billings's Lou Dillon is missing. In the Memphis gold cup, amateur drivers, both Lou Dillon and Major Delmar are entered. Surprise was occasioned by the numerous trotters named for the gold cup. Smathers has entered Billy Bush, Ida Highwood, Queen Wilkes and Wentworth. Mr. Billings entered The Monk, Equity and Clareta W. The only entry outside of those made by Billings and Smathers is The Roman, who is named for the contest by J. S. Smith, of Circleville, O.

There is much talk in the student body and especially in the law department of the unusual success of one of last year's graduates from this department-Charles McDermott, of Anderson, who has been engaged by heirs to a considerable amount of property in New York city to prosecute a case involving property interests running up into the millions of dollars.
